Message from School Screening Team re: login for child's results Year R and Year 6 10th February 2026

Subject: Your Child's Screening Results Are Now Available

Dear Parent/Carer,

We are pleased to let you know that your child's recent screening results are now ready to view on our new online portal, School Screener. This is the only way to access your child's screening results.

What you need to do:

- If you haven't already created an account, please do so as soon as possible. All updates, including any need for further appointments, will be shared through the portal.
- If your child failed their vision screening, the School Screener portal will explain the next steps. If your child is eligible for further support from Beezee Oxfordshire, you will find this information in your measurement result letter.

How to view your child's results:

- Click the link below to go to the School Screener landing page for Oxfordshire.
- Watch the helpful video guide on the page, which explains the process step by step.
- Select the school where your child's screening took place and follow the instructions in the video.
- Please ensure the information you enter matches what your child's school has on record.

If you have any questions or need support accessing School Screener please email schoolscreeningteam@oxfordhealth.nhs.uk

Many Thanks,

School Screening Team
