

# How can you help your PTA?

Tackley School PTA 2026

## WHAT DOES THE PTA DO?

The PTA is a collective of parents & teachers who work together to organise events and opportunities that raise much needed funds for things that the school budget does not cover. We are a registered charity that strives to enrich the lives & education of our children & be a part of the wider village community.

## HOW MUCH WE RAISE

In 2024 we raised a record amount for the school raising £30,000 for the wonderful outdoor classroom. Each year with your help we raise around £10,000 for the school, which is amazing.

This year, with the success of Fireworks night we have already raised over £6000 & have plenty more events coming up. Well done everyone!
