My Child At School (MCAS)

Dear Parents and Carers,

We are pleased to invite you to join **My Child at School (MCAS)** — our online platform designed to help you stay connected with your child's education. MCAS gives you secure, real-time access to important information such as attendance, letters, parental consents, parents evenings and school announcements, all in one convenient place.

You will shortly be receiving your invitation via email and this includes everything you need to set up your account and get started. Once logged in, you'll be able to view key updates and receive and send messages from the school.

Please find attached some instructions to login, download the app and reset passwords. Some important points to mention are:

- Parents who already have an MCAS account with children at other schools will not need to click the link in the email, the new student should appear automatically.
- If using the app on a smartphone we kindly ask you to enable the notifications when installing the app, it's reported that if you try to add this at a later date you have to uninstall the app and re-install it! This will also mean that you will receive a notification when a new message is received.

The full parent guide is available online and not included here, as we are not using all of the MCAS features at this stage. However, we will gradually release additional functions throughout the year. Once complete, MCAS will serve as a one-stop shop for all school-related information.

We hope you find MCAS a helpful and engaging way to stay informed and involved. If you need any assistance with registering or navigating the app, we will be running an informal drop in session on Tuesday 10th March between 2-3pm please come to reception.

Kind regards,

Mrs Karen Ward

Headteacher
