Forest School Update

Dear Parents and Carers,

I would like to acknowledge all the parents and carers who supported Alex Machin in the recent clean-up of the Forest School area last Sunday. I would also like to thank Rob and Liz Marshall for their work last Saturday. The Forest School is an essential resource for our children's learning and development, providing them with invaluable opportunities to engage in outdoor learning that supports their well-being. It was disheartening to see it vandalised. However, the children in Jemison Class have expressed how amazing they found the space, which they said was amazing! This highlights the importance of community support, we are so grateful to everyone involved.

The clean-up has not only enhanced the environment for our children but has also fostered a sense of community, this is what makes Tackley so special. It is encouraging to witness such dedication from our parents and carers, and it reinforces the positive impact we can have when we work together.

Sadly, I have also been informed about some older children playing in the school grounds. If you observe this happening, please do not hesitate to let me know, as we want to ensure the safety and well-being of all our students.

Thank you for your continued support and commitment to our school community. Together, we can create a safe and nurturing environment for our children to thrive. If you have any questions or concerns, please feel free to contact me.

Karen Ward
