

The Tackley Times

Fun Fact

Sea otters hold paws while they sleep so they don't float away from each other.

Round The World Today

Dating back to almost 166 million years ago, archaeologists have discovered the longest dinosaur tracks ever found. The tracks span a length of 220 metres with possibly hundreds of incredibly well preserved dinosaur footprints. These footprints lie in Dewars farm Quarry, Oxfordshire, England.

What's Up In School?

Attenborough class had an amazing visit in May from I.M.P.S.

(Injury Minimisation Program for Schools). Here are some everyday tips that they taught us:

1. Always wear a helmet when you're on a bike or a scooter.
2. If you have a trampoline remember to zip it up.
3. Eat healthily and have a balanced diet.

A Big Well Done!

We would like to congratulate our friend Tommy Hunter and his team for raising over £800 for Choose Love UK a charity that helps refugees. Tommy and his team swam the length of the channel!

Amazing Humans

Born in 1947, Elton John is one of the most successful performers in the world. At 79 he is still creating some of the most popular songs ever. Elton John (or should we say Reginald Kenneth Dwight - his real name) started playing piano when he was only 3 years old. In fact he taught himself to play by listening to music. So let's all agree that Elton John is one of the most talented musicians of all time.

Interesting Interviews

We asked three pupils what their favourite and least favourite lessons are and why . . .

Orla B told us that her favourites are Art because it is creative and History and Geography because she finds them fun.

Her least favourites are Maths because she finds it boring and she says English is "not really for me".

Laurie L's favourites are History because it is interesting, DT because

he likes building things and PE because he enjoys sport. He finds English a bit boring.

George T said that his favourites are Maths because he likes a challenge and PE because he is sporty and likes being outdoors. He doesn't enjoy English much.

Positive Poem

By Lydia Long

Positive rainbow with all colours
to shine,

And the birds call, passing by in
the sky.

Happy, joy and most important
POSITIVITY should really be
what you're feeling mostly.

North, East, South or West, no
matter where you are from.

If you would like your own positive poem to be in the Tackley Times, then send your poem to Tilly or Alfie.

Next Edition out in July!
