**Oral Health for Children Aged 2-4 Years in Oxfordshire**

Dear Parents and Carers of Oxfordshire,

We hope this email finds you well.

We are inviting parents and carers to take part in a short survey about the oral health of children aged 2–4 years in Oxfordshire.

Your feedback will help shape future oral health services and help ensure we continue to provide the best possible support for children and families across Oxfordshire.

As you may know, we work closely with your child's early years setting to support oral health through staff training, accreditation programmes, resources, and ongoing support.

If you are a parent or carer of a child aged 2–4 years living in Oxfordshire, we would really appreciate you taking approximately **5 minutes** to complete this survey.

**All responses are anonymous.**

**The survey will close on 20 July, so please complete it before this date.**

**[Oral Health Survey – Fill out form](#)**

If you have any questions, please don't hesitate to contact us at: [Oral.Health@oxfordhealth.nhs.uk](mailto:Oral.Health@oxfordhealth.nhs.uk)

Thank you for your time and support — your feedback will help us continue to improve oral health support for local families.

Kind regards,

**Smile 360 Team**
